VISITING NON-DEGREE STUDENTS / EXCHANGE STUDENTS

ENS Rennes accepts applications from visiting non-degree seeking students and also exchange students from our partner universities under specific programmes, such as the ERASMUS+ programme.

Recruitment is based on the quality of the applications received via jury screening. Students are nominated by the partner university. Under this framework you stay registered with your home university and are considered as an exchange student at ENS Rennes.

You may apply at Bachelor Degree level - 3rd year only.
You may apply at post-graduate level to integrate a Master's Degree (year 1 or year 2).
You may apply to carry-out a research residency stay under an exchange programme and follow selected courses at the same time.
