Welcome to the École normale supérieure de Rennes!

This guide was drafted by the International Relations Department to help foreign students on their arrival at ENS Rennes. It will provide information on finalising your enrollment, carrying out administrative procedures, settling in Rennes and discovering the ENS Rennes environment.

ENS Rennes is situated on the wooded grounds of Ker Lann campus in the municipality of Bruz, on the outskirts of Rennes. ENS Rennes is a prestigious educational establishment that specialises in preparing young students for careers in higher education, research and innovation, by joining forces with the top local and national laboratories in various fields.

As a foreign student, we provide you with customised administrative support, French language courses adapted to your level, access to summer language schools to prepare for the academic year and on-campus residence.

The International Relations office of ENS Rennes works in close cooperation with the Centre for International Mobility of Rennes to ensure a warm welcome for students.

Admissions

As a foreign student, there are several admission routes into ENS Rennes:

- International students (non-EU) preparing a Master's Degree or a PhD as part of a specific funding programme (Eiffel scholarship, AUF, PROSFER, EGIDE, ERASMUS+),
- International students (EU and non-EU) preparing a PhD under joint supervision,
- A visiting non-degree student (EU) or exchange student (Erasmus+),
- International students (EU and non-EU) who have passed the normalien competitive examination.

The status of normalien means that the student signs a 10-year contract with the State, which includes the four years of study at ENS Rennes. During these four years, the normalien students (French and European) are paid a monthly salary by the State. Non-EU normalien students receive a monthly grant of €1,000 from the ENS Rennes for a period of three years (third year of the Bachelor's Degree and the first and second years of the Master's Degree).

Contact the International Relations Department for further information and the application form.

Enrollment

> Administrative enrollment

Administrative enrollment takes place at the student welfare office (bureau de scolarité) at ENS Rennes.

If you are enrolling for the first time in France, here is a list of the documents required for your enrollment:

- Admission certification from your host department
- Passport photo
- A photocopy of your valid I.D. card or passport
- Valid residence permit or visa
- Social security:
 - > EU citizens: valid copy of proof of cover (EHIC - European Health Insurance Card)
 - > Other students: documentary proof of membership of the student social security scheme CVEC (the welcome officers will help you acquire this document upon arrival).

- Scholarship: documentary proof of scholarship awarded and where applicable, proof of scholarship awarded covering the cost of enrollment (holder of a scholarship from the French government, holder of a scholarship based on social criteria, etc.)
- Latest diploma: original of the diploma with a legible certified copy in French or English. A specific validation procedure for foreign documents and diplomas is a prerequisite for the administrative enrollment of students without a French diploma. In this case, the original diploma and a translated and certified version of the diploma obtained will be requested. This procedure does not concern exchange students.

For certificates at the beginning and end of the study period, exchange students will request a certificate of study from the host department or laboratory. Based on this certificate, the International Relations Department (SRI) will provide the end-of-study certificate. For further information, please contact the SRI.

> Foreign PhD students

After finding their Doctoral School and a host laboratory, PhD students must fill in an enrollment form at ENS Rennes. You can obtain this from Élodie Lequoc, at the secretariat of the doctoral training programme.

In this form, students must provide their personal information, host laboratory name and the subject of the thesis.

The list of documents to be provided is as follows:

- the recommendation of the Head of the Doctoral School
- a copy of the Master's Degree or equivalent
- the UBL PhD charter (to be signed by the PhD student, the thesis supervisor, the Head of the Doctoral School and the Head of the Research Unit)

The administrative enrollment must then be completed with the payment of tuition fees and the choice of student social security scheme (see page 10), at the student welfare office.

After your enrollment and payment of fees, you will receive approval from the President by email.

Then, you must send proof of your enrollment to the Doctoral school (proof of enrollment, copy of your student card, documentary proof of payment of tuition fees) and your registration will be definitively validated at the Doctoral School.

Conditions and administrative procedures for your stay in France

There are three possible cases:

> Students from the European Union and the European Economic Area

To pursue your studies in France, you do not require a residence permit.

> Non-EU students

A student visa for newcomers is available in the consulates: this is a long-stay visa equivalent to a residence permit (VLSTS), valid for one year.

Within three months of your arrival in France, if you have a VLSTS, you must validate this visa at the French Office for Immigration and Integration (OFII). To do this, as soon as you arrive in France, you must complete the form entitled "demande d'attestation OFII" (application for OFII certificate) bearing the consulate seal and that is delivered to you with your visa, and post it to the following address (with acknowledgement of receipt) to the Direction Territoriale de l'OFII d'Ille et Vilaine, 110, rue de Vern, 35000 Rennes.

To download the form: www.diplomatie.gouv.fr/es/IMG/pdf/LS-01d_formulaire_ofii.pdf

The Centre for International Mobility (CMI) can help you with these procedures by directly transferring your request to the OFII, if you go to the 'start of term desk' (guichet de rentrée) from September to November (5, boulevard Laënnec, 35000

Rennes). This help desk is a special feature created by the CMI to help foreign students arriving in Rennes with their administrative procedures.

Then, the OFII will send you a confirmation of receipt of the validation request, and you will be asked to attend a medical examination. You will have to pay a charge for the medical examination in revenue stamps. It is possible to purchase these on line: www.timbresofii.fr

The medical examination comprises a general clinical examination, an x-ray of the lungs and a vaccination check.

OFII Address: 8, rue Julien Lemordant, 35000 Rennes

Furthermore, if you do not have a VLSTS, you must request a residence permit.

Documents required:

- Application for OFII certificate issued by the consulate, to be filled in
- Passport (+ photocopy of the following pages: identity, date of expiry, D visa, entry stamp on entering France)
- OFII revenue stamp (to be given to the prefecture after the medical examination)

> Algerian students:

Algerian nationals must request a residence permit from the prefecture for studies of over three months. The period of validity of this temporary residence permit is limited to that of the passport and it cannot exceed the duration of the studies. The permit is valid for one year, but may be renewed.

The 'start of term desk' at the CMI can help you to prepare the application in order to obtain the residence permit. For this, you must make an appointment via the CMI website (<https://cmirennnes.u-bretagne.fr/>). PhD students will be received throughout the year, even outside the start of term period.

You must make an appointment

- Pending examination of the application, the claimant receives a receipt.

RENEWAL OF THE RESIDENCE PERMIT

To renew your residence permit, you must contact the CMI in Rennes at least two months before the date of expiry of your current permit.

Social Security Cover

Students admitted to a French institution of higher education for the 2018 academic year are subject to a new fee known as the CVEC, which helps to finance on-campus programs that enhance the student experience. Here is everything you need to know about this new annual fee (€90 for academic year 2018/19). Social security cover during your stay in France is compulsory. Whatever the length of your stay or your status, you must be protected by adequate social security cover, depending on your situation.

> Procedures

• Rental insurance

Minimum insurance (fire, water damage, civil liability) is compulsory for all tenants renting in France, including for rentals of less than one year.

In addition, you can insure objects of value (laptop computer, personal belongings, etc.), by taking out a slightly more expensive insurance policy. During university open days at the start of term, insurance companies are present on the campus to enable you to take out on-the-spot rental insurance.

Students can take out rental insurance with agencies such as SMEBA or LMDE or directly with their bank

For further information, visit

www.lmde.fr or www.smeba.fr.

Students who have requested an extension of their private insurance from their country of origin can take out rental insurance with the bank in which they opened their French bank account.

• Guarantor

When you rent accommodation, either privately or in a student residence, there is a system known as 'guarantor' ('garant' in French). This person, who co-signs the rental agreement, commits to settling the amount of rent due to the lessor if you are unable to do so. The guarantor must reside in France and be credit-worthy.

This system does not apply to room reservations in student halls as part of the ENS Rennes/CROUS contract.

• Housing assistance

In relation to your situation and your financial resources, you may benefit from housing assistance managed by the family allowance fund (CAF).

To receive this aid, you must complete the application form for housing assistance, available on the CAF website:

www.caf.fr/ma-caf/caf-d-ille-et-vilaine

A guide is also available under the heading 'international': www.caf.fr/international

Transport

> In Rennes

The city of Rennes provides a public transport service (bus, metro and bicycles) accessible to all and extending to 43 towns in the greater Rennes area.

For long stays, it is preferable to take a Korrigo subscription, which is available in all STAR offices (list below). The card itself is free and the monthly rates are approximately as follows (sliding scale rates in relation to the subscription period) *these prices are an indication and may have been susceptible to increase since the publishing of this guide.

- Under 20: €27.50 the first month
- 20 to 26: €31 the first month

It is also possible to purchase a one-hour ticket for €1.50 which is valid in the bus and metro. Booklets of 10 tickets are also available, these cost €13.70.

Rennes Métropole also provides a bicycle service known as 'Vélo STAR'. This is a public bike share system, with 83 stations and 900 bicycles. It is possible to subscribe for a day, a month or a year.

> In Brittany

It is also possible to move around by train. The French railway company, SNCF, provides services from Rennes to the rest of Brittany, and also to the rest of France. For trips within Brittany, you can load your train ticket directly onto your Korrigo card.

The rates of TER trains (regional express trains) within Brittany are as follows for persons under 26:

Bank account

During your stay in France, you will have to open a bank account to make transfers from abroad, lodge money, receive reimbursement for medical expenses, receive your CAF benefit, or the payment of your scholarship.

All foreigners residing in France for at least three months can open a resident's bank account entitling them to a cheque book and a cash withdrawal and/or payment card.

N.B. foreign students must have minimum monthly resources of €615. These resources are verified by the prefecture if a residence permit is requested.

To open a bank account, the following documents are required:

- proof of identification (passport, visa, residence permit, etc.),
- proof of address (electricity or telephone bill, rent receipt, etc.),
- proof of enrollment or a student card,
- documents justifying your monthly income.

Internet and email

All students enrolled at ENS Rennes have free access to computer rooms during the opening hours of the school. From the moment of enrollment, students receive a computer account and an ENS Rennes e-mail address.

Telephone

During your stay in France, you will more than likely need to communicate with your country of origin. Several solutions are available:

You can use your mobile phone in France, provided that it is unlocked so that you can use a SIM card from a French operator. In this case, you can apply for a telephone subscription (N.B. subscriptions are often for a two-year period), or purchase a pre-paid card. The main operators propose special rates for foreign calls. Their websites are as follows: www.orange.fr, www.sfr.fr, bouyguestelecom.fr.

If you do not have an unlocked phone, you can purchase a basic mobile phone with a pre-paid card for approximately €30.

At the following address you will find all the dial codes per country, allowing you to phone abroad from France : www.indicatifs-telephoniques.net

French classes

It is essential to have a good level of French to be able to follow the courses at the École Normale Supérieure de Rennes: level B2 of the CEFR (Common European Framework of Reference for Languages) is required for every incoming foreign student.

If your application file is excellent but your French level is weak, ENS Rennes organises a summer school offering French language classes.

The Centre for International Mobility (CMI) of Rennes, in partnership with the Rennes International Centre of French Studies for Foreigners (CIREFE), provides French language classes for international researchers and PhD students.

To determine the level of the participants and divide them into several groups, an evaluation test is given at the CIREFE.

Based on the results, the participants join the various regular CIREFE classes.

The sessions take place as follows:

44 hours of class for each group, spread over 11 weeks with 4 hours of class per week.

The classes take place twice weekly, from Monday to Thursday from 6:15 pm to 8:15 pm in the CIREFE premises (Villejean campus).
