

The ENS and its History

Officially established on the 1st of January 2014, the École normale supérieure de Rennes is a top-ranking graduate research institution whose mission is to prepare young students for careers in higher education, research and innovation

Originally founded in 1994 on the modern, technological Ker Lann Campus, near Rennes, as a satellite of the ENS Cachan (founded in 1912), the School very quickly became a benchmark for excellence in research and higher education.
