

École normale supérieure de Rennes, a long-standing tradition of excellence in research and education...

Officially established on the 1st of January 2014, the **École normale supérieure de Rennes (Grande École*)** is a top-ranking graduate research institution whose mission is to prepare young students for careers in higher education, research and innovation. Originally founded in 1994 on the modern, technological Ker Lann Campus, near Rennes, as a satellite of the ENS Cachan (founded in 1912), the institution very quickly became a benchmark for excellence. ENS Rennes offers high-level scientific and cultural training, in the fields of Economics - Law - Management, Computer Science, Mathematics, Engineering Sciences, Mechatronics, Sport Sciences and Physical Education, Environmental Sciences.

The highly selective admission process (recruiting 1 out of every 1000 high school graduates per year) and strong research orientation (70% of all Master graduates pursue to PhD) makes ENS Rennes one of the top ranked and highly competitive Grandes Ecoles¹ in France.

Since its foundation, the institution has been a focal point of original research supported by the best local and national laboratories in a variety of fields, in particular: European Law, High-speed Manufacturing, Large Systems Computing and Virtual Reality, Mathematics, the study of Sports Movement, Bio-Microsystems and Energy Management, Environmental Sciences.

As one of the four *Écoles Normales Supérieures (ENS)* in France, high standards and quality are hallmarks of this institution. Only the most optimal conditions are proposed to the students (under- and postgraduate) and researchers so as pursue its long-standing tradition of prestige and excellence in education and research.

Education through research... for research

facts and figures

ENS RENNES IS:

- 550 post-graduate students
- 6 academic departments
- 12 research laboratories

PARTNER LABORATORIES

- **SATIE** (UMR 8029): Bio-Microsystems, Renewable Energies
- **IODE** (UMR 6050): Law
- **CREM** (UMR 6211): Economics & Management
- **INRIA / IRISA** (UMR 6074): Computer Science and Virtual Reality
- **IRMAR** (UMR 6625): Mathematics
- **GeM** (UMR 6183): Prototyping and High-speed Manufacturing
- **M2S** (EA 1274): Sports Science
- **OSUR** (UAR 3343) Environmental Sciences

A university city, Rennes is:

- 60 000 students
- 8000 international students
- 4 university campus

¹ A "*grande école*" is a French institution of higher education that is separate from, but parallel and often connected to, the main framework of the French public university system. Some grandes écoles are elite education institutes with highly competitive admission requirements, some of whose graduates populate the upper levels of the private and public sectors.
